

## FUNNY FEET CLOWNS

[supercamps.co.uk](http://supercamps.co.uk)

### INSTRUCTIONS:

First you need to design the feet for your clown and decorate them. These 'big feet' are the clown shoes which you will use as a base to stick your clown to.

Next you need to decorate your cup. This is going to be your clown.

Think about what type of clown you want to have and what materials you could use? What about hair and a clown hat?

Once you have decorated the cup stick it onto your clown feet.

Could you make a circus full of clowns?

### EQUIPMENT:

- ☐ Paper Cups
- ☐ Paper
- ☐ Craft Materials e.g Yarn or PomPoms
- ☐ Paper
- ☐ Glue
- ☐ Paint

### TOP TIP:

A shape like an oval works well for the clown feet.

When decorating your feet, remember the back won't be seen.

Your cup will need to be upside down when you decorate it.
