

STORY WASHING LINE

INSTRUCTIONS:

You can set up your 'Washing Line' up outside or inside.

In this activity you are going to make your own story using only pictures. More than one person can do this activity together.

If you are doing this with more than one person, don't look at each other's pictures until you have finished.

If doing this activity on your own, draw pictures that don't link to each other.

When all the pictures are finished, peg or clip them onto your Washing Line and use the pictures to create your story!

EQUIPMENT:

- String
- Pegs or Paperclips
- Paper
- Drawing equipment

NEXT STEPS:

Remove some of the pictures and hide them, can someone find them and work out where they went in the story?

Take it in turns to remove one picture, everyone else must close their eyes. Which picture is missing?

Muddle all of the pictures up and make a new story.

Can you turn the pictures into a real book?
