

### CHALLENGE:

You will need to make teams.

Sit players down in teams in straight lines.

Lay 5 cones or hoops in front of each line as if there was a relay race.

One player from each team will go at a time and be against player from another team.

Read out the Quiz questions. If a player puts their hand up and answers correctly they will move forward to the next cone. If a player gets a question wrong they must go backwards.

The first child to the end will win the round and gain points for their team!

### EQUIPMENT:

- Cones
- Hoops
- Quiz Questions

### GENERAL:

Before you start the game, think of around 20 different quiz questions or challenges. Write these down.

You will need One Player to be 'The Chaser'- they will ask the questions in this version of the game.
