

## SPARKY- CREATIVITY

### PASTA ART

#### INSTRUCTIONS:

Begin by thinking about the picture you are going to create using the pasta.

Once you have the idea, begin to layout the pasta onto the paper to create your design. Don't use glue yet as you may change your mind!

If you have different types of pasta you might like to use this to create different effects.

Once you are happy, begin to stick the pasta onto the paper.

Another way to do this activity is to work with someone else to make the picture. Take it in turns to place the pasta onto the paper- what will you create by working together?

#### EQUIPMENT:

- Dried Pasta Shapes
- Paper
- Glue

#### **Health and Safety**

*Ensure the area is safe and free from hazards  
Supervision is advised when using equipment  
Remember to stretch before and after any physical activity*

#### NEXT STEPS:

You might like to paint your pasta before you make the picture to give it more colour.

You can also paint it after you have stuck it down.

What patterns can you make using the pasta?
