

2<sup>nd</sup> March 2020

Dear Parent/Carer,

### **Coronavirus Precautions**

SuperCamps acknowledge the Coronavirus epidemic and please be assured that we are continuing to monitor the situation very closely in order to give the greatest protection, and reassurance, to all our parents, children and staff. Safeguarding your children and the wider community is our highest priority. The risk to individuals in the UK is continually changing which we are monitoring on regular basis. In light of the developing situation, SuperCamps have decided to implement further measures for all our camps which we hope you will appreciate and understand in the current circumstances.

These measures are as follows:

- We will continue to follow stringent hygiene practices on camp and would encourage you to ensure your child/children are aware of the basic principles of the “catch it, bin it, kill it” campaign.
- In the event of a child showing any signs of Coronavirus we will contact NHS for advice
- We respectfully ask you to inform us by contacting **info@supercamps.co.uk** or calling **01235 467300**, if you, your children, or close relatives living with you has recently returned from travelling to any of the following countries – China, Taiwan, Hong Kong, Macau, Japan, Korea, Singapore, Thailand, Malaysia, Vietnam, Cambodia, Laos, Myanmar, Northern Italy, Iran and South Korea; so we can review whether it is appropriate for your child to attend camp, based on the latest information available.
- If any child has been in close proximity with people who have been to any of these same countries recently, please also let us know by contacting **info@supercamps.co.uk** or calling **01235 467300** please also let us know so we may take this into consideration

We hope that you will understand the need for these increased measures. For information, please also note that we are not accepting any children on camp without these measures being communicated to the parents/guardian of that child. We appreciate our Easter Camp is a month away but we will implement further measures at short notice if deemed necessary by Public Health England and the NHS.

If you have any further concerns or questions, please do not hesitate to contact us, and thank you for your cooperation.

Yours faithfully,  
**SuperCamps Management Team**
